June 1, 2004  
Volume 11  
Issue 8

*Dear Brother Knights,*

## YOU DID IT AGAIN!!

We just returned from the 105<sup>th</sup> State Convention and I am proud to let you know that once again your work has been recognized as one of the best Councils in the state. This year we earned SECOND Place overall for General Programming and membership growth. It's a reflection on your commitment to the principles of the Knights of Columbus that we have achieved this level of success.

In addition, we also received the following awards:

Administrative Specialist Award  
Best Membership Activity for Division IV  
St. John Award for Programming Achievement  
Best Membership Activity for the State  
First Place Total Programming for Division IV

Many of you were responsible for participating in Council activities - whether they were Pancake breakfasts, Measure Up collections, First Saturday Mass, recruiting a new member or any of the many other events we've held this year - and I thank you. I also would like to thank Bob Ketchum our Program Director and Bog Glavan and his membership team for helping us reach this point.

In the last month, we also held our first Squires Investiture for the charter group of young men that will be working along side us in the years to come. Please join me in congratulating these young men and help them in their journey to Knighthood. If you are interested in assisting the Squires, we're always looking for additional Counselors. Let any of the Officers know if you are interested.

At the next general meeting, we will be holding our election of officers for the next fraternal year. The slate of declared candidates has been published in this newsletter but nominations will be accepted from the floor. We would like to see all of you at the meeting to cast your vote and show your support for the incoming officers.

## CHANCELLOR'S CORNER

Brother Knights,

It's hard to believe that another fraternal year has come and gone. This will be my last opportunity to address you as your Chancellor. I hope that in some small way you have found something worthwhile to consider in my articles. However, I suspect that the self-examination and reflection I experienced while writing these articles has been of far greater worth to me. For my last effort, then, let's discuss Father's Day and fatherhood.

Last month, when we celebrated Mother's Day, I wrote that we father's generally are perceived to come in second place when it comes to shaping the personalities, beliefs and faith of our children. It has always bothered me that this is the case. Want examples? Tune in to any sporting event. When the camera zooms in on an athlete, they waive and say "Hi, Mom!" Rarely do they give a shout out to the old man. While many songs extol the virtues of motherhood, there are far fewer counterparts praising fatherhood. When a child scrapes a knee on the playground, he sprints to mom for first aid and a kiss to make the hurt better. Even within our faith, we know much more about Mary's role as the mother of our savior, Jesus, than we do about Joseph's role as his father here on Earth.

I have come to accept the reality that rather than getting equal billing with mom and her nurturing ways, it is a father's lot in life to sacrifice for his children, to teach by quiet example, and to be content in the knowledge that, if he has done his job well, his children will in time come to appreciate his sacrifice and efforts on their behalf. Mark Twain once said, "When I was a boy of 14, my father was so ignorant that I could hardly stand to have the old man around. But when I got to be 21, I was astonished at how much the old man had learned in seven years." This was true in the case of my father and I; had I paid closer attention to the things he tried to teach me as a boy, maybe I wouldn't have to bug him with so many questions today. It is the same with my son and I; most times, when I attempt to give him advice, he looks at me like I've lost my mind. Maybe someday he'll look back and see that the old man wasn't completely devoid of intelligence.

Sunday, June 20<sup>th</sup>, we celebrate Father's Day. My last challenge to you is to take the time to reflect on the sacrifices your fathers made on your behalf in an effort to ensure that you had every advantage and opportunity for a good life. Let your father know, in conversation or in prayer that his lessons were not lost on you even though you rarely seemed to be paying attention. Likewise, always remember that God our Heavenly Father made the sacrifice of his only Son to ensure that we would have the opportunity for life everlasting. Let your Heavenly Father know often through prayer that His love for us is not taken for granted, and try to live as He has taught.

Happy Father's Day!

Chancellor

## Insurance Corner:

It's Never Too Early to Plan for the Future

Traditionally, this is the month for two important life events: graduations and weddings. These two events are also opportunities to review your life insurance coverage - particularly if you're young and in good health. It's a simple fact that when you're young and healthy, your rates for coverage will be lower than when you're older and your health might not be as good. And even if you're in excellent health, there's no way to predict exactly when your death will occur.

It's unavoidable that your family will suffer emotionally if you should die. However, financial hardship is something that you can prevent. Owning enough life insurance ensures that your family will always have enough money, come what may. As your K of C agent, I can help you determine how much is "enough" for your own family. I can also discuss with you the merits of each kind of life insurance.

It's become fashionable to focus almost exclusively on planning for a prosperous retirement. Yet even in this age of improved health and longevity, some families must still endure the premature loss of a breadwinner. The fact is, none of us can be assured that retirement will happen until we actually get there. By taking steps now, you protect your loved ones against the possibility of your death. What's more, the sooner you act, the greater the benefits will be for your family - and, possibly, for you as well.

Per Supreme on May 1<sup>st</sup> no change - 25 new members - 208% of quota and 10 new Insurance members 166% of quota.

Grand Knight's Report:

We held a First Degree here last Monday and brought in four new members to the Council. We also have 7 Brother Knights that completed their 2<sup>nd</sup> & 3<sup>rd</sup> Degrees.

The Columbus Chapter Awards dinner will be held on Friday, 5/14 at DaVinci's restaurant starting at 6:00 pm. This year we will be recognizing Brother Joe Coffey as our Knight of the Year. Joe has been active in most events from chairing the Anniversary party, mixing batter at the Fish Fry, or co-chairing the Monte Carlo Night. We're also recognizing our Family of the Year - Edd and Vicki Chinnock. Their commitment and involvement in the Pro-Life movement should serve as an inspiration to us all. They are also involved with the Youth of our Parish and Edd was a driving force in getting the Squires Circle off the ground. On behalf of us all, I'd like to thank Joe, Edd and their families for everything they have done for us.

Next Sunday at 3:00 pm we'll be hosting the investiture of the new Squires members. State Prior Father F. Richard Snoke and State Squires Director Marvin Vetter will be able to attend the investiture. I'd like to thank our Brother Knights at OLMM, especially Steve Malott for getting us this far. If any of you can attend, I encourage you to do so and show your support to these young men.

There is another individual that is very active in our Council and after the last exemplification, he and his family will be participating in Fourth Degree events also. In fact, his first 4<sup>th</sup> degree function was last week where he assisted with the 1:30 First Communion mass. His family serves as greeters (the Happy Mother's day was a great touch); he helped at Fish Fries and washed a lot of dishes at our recent Blue Coat Dinner. I'd like to congratulate Terry & Lorna Reine as the May Family of the Month.

I'd like to recognize another individual that played a major role in the Blue Coat dinner we held last week. He took care of inviting our guests, arranged for the plaques and much more. He's been chairing the blood drives, is a member of our First Degree team, regularly attends the 2<sup>nd</sup>/3<sup>rd</sup> degrees, participate in the Measure Up campaign and helps out wherever possible. ## Living Wills

Vicki and I would like to thank the Council for selecting us as the family of year. It was a pleasant and unexpected surprise! The Chapter awards banquet was a very nice affair that we both thoroughly enjoyed. Thanks again.

Vicki and I recently decided it was time to update our wills, and as part of that process we felt we should also get "living wills" and health care powers of attorney. For those who may not be familiar with these documents, a living will states your desires about being kept alive in certain circumstances and a health care power of attorney appoints someone to make those decisions for you if you cannot make them for yourself. When you wade through the legal mumbo-jumbo, these documents basically address two situations: when you are "permanently" unconscious or terminally ill.

If you are deemed "permanently unconscious", sometimes referred to as "brain dead", by two doctors, the living will authorizes them to turn off any machines artificially keeping you alive or not put you on the machines in the first place. It also authorizes them to withhold food and water unless the living will states otherwise. Both the living will and the health care power of attorney have statements where you may specifically authorize the withholding of food and water - if you do not initial these statements they may not withhold sustenance.

The terminally ill sections of these documents are somewhat different - they do not contain the restrictions on supplying sustenance. On the surface, it reads as though the doctors can simply withhold food and water if they determine that you are terminally ill and "death is imminent". Our lawyer says this is because you are presumed to be conscious and capable of making your own decisions. According to Ohio law, the doctors are required to follow your wishes.

# Fr. Huber Assembly 809 News

## 3rd Annual Fr. Huber Golf Tournament

The Third Annual Father Huber Assembly 809 'Capture the Flag' golf outing was held at Cumberland Trail Golf Course Sunday afternoon May 16, 2004. It was a beautiful day and the 19 teams that participated were so happy that the weather cooperated. No one can forget the previous two years when we played in the wind and cold rain. For ye of little faith that is why I changed the day from Saturday to Sunday.

The Flag was captured by Mark Pelfrey, Chris Ondero, Phil Moore, and Joe Morgan, with a winning 17-under-par (which by the way was a SK Dick Petersen entry). A special thanks to Brother Petersen who sponsored four, yes, four teams and bought a tee sign to boot. Ray Creamer was the best prize go-getter of the event. We auctioned a necklace and a putter to the highest bidders which together sold for \$145.

Bernie Holland was the chef and as usual he did an excellent job. His helpers were John Samborsky, Neil Ferguson, Dan Bauer, Jim Hatem and two newly inducted Squires. Joie and Dick Petersen helped with the clean-up.

My thanks to all the teams that participated in the event.

*Living Wills (Continued from page 5)*

Many Right to Life organizations are opposed to living wills because they may take life and death decisions out of your hands and leave them up to the doctors. Doctors and nurses may not be familiar with your wishes and they may have reasons for hastening your death - for example, to "harvest" your organs if you are a donor. (For this reason, some Right to Life groups also oppose organ donation). Our lawyer (who happens to be Catholic) says that a living will and health care power of attorney will prevent these problems by specifically stating your wishes ahead of time. Ohio law requires doctors and health care providers to abide by this. Whether you get these documents is up to you, but most Respect Life organizations recommend a health care power of attorney assigned to someone you can trust to follow your desires in these matters. You should discuss life and death with this person and make sure they clearly know what you want.
