Happy Birthday America

Dear Brother Knights

This is my first attempt at the monthly newsletter article so please go easy on the criticism, give me a month or two and then you can let me know what you really think.

I need to start with an apology. It has been brought to my attention that over the last several months (6), we (I) have not treated our newest members with respect. As was stated to me through email, many of our new Knights have been ignored or forgotten. As last year's Membership chair, I claim full responsibility for the lack of follow through. On behalf of the Council, I respectfully apologize to all new members who have been made to feel as if they do not matter now that they have taken their 1st degree. You are all important to the success of this Council, as new and hopefully, long time members. I sincerely hope that all of you give us another chance to make good on the promises made to you as you committed to the Knights of Columbus and our Council.

This brings me to the next phase of this letter. WE NEED HELP!! Almost every standing committee is in need of volunteers to chair and participate. The only volunteer to this point is for the Membership committee. This committee needs at least two Knights to step forward to make sure that all of the bases are covered and the same thing that has happened during this last year will not happen again. The Membership committee is just one of many but a very important committee for the longevity of our council. This will be a topic of discussion at the next Business meeting on the 12th of July. Please make every effort to attend.

I look forward to seeing all of you on the 12th and I look forward to a very exciting and busy year. I know that with your help we will continue to grow and to serve.

Vivat Jesus,

Lloyd Stauffer
Grand Knight

Brother Knights,

I would like to thank you for your support. I feel like I have been away from the council and returning from a long trip. It's good to be back in the mix.

One of our biggest goals this year is to increase participation from the membership. We want to encourage some of the people that have joined and for one reason or another have not been active. I will say this. If you have not had the pleasure of meeting all of our council members, you are missing some of the greatest guys you will ever meet. And for those of you who have been away it's time to come back.

Let me go back a few years ... my family moved here from Dayton, new to Columbus and new to the neighborhood. Our family was only an hour away. But after a year and a half, the commute for friendship and worship was becoming dreaded. Then we joined Seton Parish. We met people and slowly made more friends, But, it was not until I joined the Knights that I found that second family and some of the greatest guys to be around.

Our council goes to great lengths to support the parish, and are great role models for children. These guys look out for each other, will help at a drop of the hat and dare say give the shirts off their back. Yes, we sometimes have disagreements, but what family does not. BUT when things need to get done, the Knight are there ...

I encourage you to become involved ... whether you are a new member or have been around a while. Start coming to the meetings, come flip a pancake, fry some fish ... you will be rewarded with some of the best friends you will ever have.

I will add that family is important to all of us, but Knights families are also involved in everything we do and always welcome.

Jesus V Garcia III, PFN

Deputy Grand Knight

Perpetual Adoration

Since Perpetual Adoration started at Seton, the Knights of Council 11187 have been responsible for the Monday 5-6 am. hour and have filled it very capably with the help of about twenty-five or thirty of the same Knights.

We want to extend this opportunity to the entire Council and not just the same few men. We have over 270 Knights registered and if each Knight would take just one hour one week of the year, he would not be called on for about five years. How simple that would be?

I will start contacting individual Knights to set up dates. Please be receptive to this plan and spend one hour of the year with the Blessed Sacrament in Adoration.

If you would like a particular date in 2006, please feel free to volunteer by calling me at 863-6419. Being Knights you obviously know the advantages of spending some time in prayer before the Blessed Sacrament.

Thanks,

Ray Creamer,

Church Director

Crisis in Darfur

Hollywood finally got something right! The last few episodes of the TV show “ER” placed a couple of the doctors in the Darfur region of western Sudan. They were working in a refugee camp but had to leave it to help their patients. The episodes showed the poor conditions in the camp and the horrors that await anyone who leaves. It makes for dramatic TV, but unfortunately it is all too real.

Today more than two million people are suffering and dying from a preventable humanitarian crisis in Darfur. Not since the Rwandan genocide of 1994 has the world seen such a calculated campaign of displacement, starvation, rape, and mass slaughter. Government-backed vigilante militias, known as the Janjaweed, have systematically eliminated entire communities and continue to do so. Government air strikes frequently precede these vicious militia raids. Villages are razed; women, men, and children are raped, tortured, and murdered. The Janjaweed also target and destroy Darfurian food and water supplies, threatening the victims’ hopes for their future survival.

Nearly 400,000 people have been killed in this genocide so far. More than 3.5 million people are in desperate need of food. Many now live in camps lacking adequate food, shelter, sanitation, and health care. In order to survive, women and girls must leave the camps to gather firewood. However, in doing so they risk being raped and mutilated by Janjaweed patrolling the countryside.

The Sudanese government has failed to protect them. The government has not only denied involvement with the massacres, but its police have also attacked the displacement camps. Recent reports show that while violence continues, survivors in overcrowded refugee camps are threatened by disease and famine. If the violence continues and people do not receive adequate aid and protection, many more Darfurian’s will die.

After a brief respite of relative calm last year, there was hope that talks sponsored by the African Union between the government in Khartoum and rebel groups in Darfur might bring an end to the ferocious fighting that terrorizes innocent civilians.

Subsequent events have shattered those hopes. As the security situation deteriorates both in Darfur and across the border in neighboring Chad, the delivery of humanitarian assistance to the 2.5 million who have fled their homes and the million more at risk of starvation has become a daunting challenge to the international community. In November of 2005, Pope Benedict XVI urgently appealed to the International community to protect the basic human rights of the people of Darfur.

In early 2004 Bishop John Ricard, then Chairman of the Committee on International Policy, warned that Darfur was “rapidly becoming the newest symbol of human depravity and ethnic cleansing.” Since then, many well-intentioned attempts have been made to stop the spiraling cycle of violence. The U.S. Catholic bishops welcome the Administration’s latest efforts to strengthen the mission of the poorly funded, ill-equipped and undermanned peacekeepers from the African Union who have sought to bring some measure of protection to the helpless civilians of Darfur. Since last year, the bishops have repeatedly urged passage of the “Darfur Peace and Accountability Act.” Our bishops’ conference welcomes the recent action of the House of Representatives, which joined the Senate in approving a version of this important legislation. But with more than 400,000 dead, these measures are not enough.

The U.S. Catholic bishops join with the leaders of other faith communities and all people of good will in an urgent appeal to the President and our elected representatives to strengthen their efforts to bring a definitive end to the intolerable moral and humanitarian crisis in Darfur. We need to remind our leaders that our nation cannot remain silent in the face of killings, rape and wanton destruction. Our country can and must do more, much more, to defend and protect innocent civilians in Darfur. Anything less would be unworthy of us as a people committed to human life and dignity. We must “Save Darfur.”

Take action now! Join with the U.S. Catholic bishops in urging the President and your Senators and Representatives to use all possible means to end this genocide in Africa and to help the refugees.
