## Dear Brother Knights

It is now September and by the time this article appears we will have been through the picnic for Hector and Fr. Jeff, the Fall Festival will be starting, and the first degree for our first new member of this fraternal year, all of this and more in less than 3 months.

This is just a prelude of what is to come.

We are getting things ready to call for the first rehearsal of the degree team and are still looking for more volunteers. Thank you one and all for all of the support and help to this point.

We still have a lot to do and plans to make. Yes, we are still in need of more volunteers to get involved. I would like to offer up a suggestion to all active members. Make a phone call or two and invite some of your close friends to come with you to the next business meeting. I am operating under the premise that maybe we are not being personal enough and should offer special invitations to those that are not as outgoing as some of us. I would like to see a FULL meeting room with new faces. Please do not take this as I am tired of the old faces by any means but I really would like to see many of you that seem to have other things to do on the 2<sup>nd</sup> Wednesday of every month at 7:30 pm. I think if you made the time to attend one you would see the reason for getting involved.

**TAKE THIS AS YOUR PERSONAL INVITATION TO JOIN US AND PARTICIPATE IN WHAT I PROMISE TO BE A SHORT AND TO THE POINT MEETING.**

I have had several suggestions regarding fund raising and potential new programs to pursue and appreciate all of the input. Please keep it up, and I am sure we will be able to start several new ventures before the year is complete. At least we should be able to begin the preparation for some new possibilities.

Thank you again and I look forward to seeing you at the next meeting where we will have a presentation on a potential new fund raising vehicle.

Vivat Jesus,

*Lloyd Stauffer*

## Chancellor's Corner

In the Sunday bulletin for September 3rd you will see the first column of the new "Knightly News". This is my first attempt as Public Relations Director for our Council to begin sharing information with the ENTIRE parish about our excellent Council and the work that we do. It is important that anyone that is Chairman of a particular event or activity make the information known to me so that we can get it in future bulletins. I see this as an excellent tool for recruitment, and an excellent way to let the ENTIRE parish know the importance of our Council to the parish. May I also ask all of my Brother Knights, regardless of your degree of activity in the our Council to help our Membership Committee by trying to recruit a new member.

Thanks to all of you for your future support of our PR program.

Vivat Jesus!

*Harry Clyburn*

## From Deacon Hector Raymond

We are beginning our search for sponsors for this year's RCIA process. Please read the following information and let me know if you would be interested in becoming a sponsor. I sponsored someone last year and it was one of the most rewarding and spiritual times I have had. Please let me know if you are interested.

God bless you,  
Deacon Hector

The **Rite of Christian Initiation of Adults** is the process through which persons inquire into and determine if they are called to live out their faith as a member of the Roman Catholic community.

**Sponsors** are a vital part of the **RCIA** process. Each candidate (a person baptized in another faith) and catechumen (an unbaptized person) has a sponsor who walks the faith journey of the RCIA with him or her. Sponsors strengthen the RCIA and the parish community by being the personal connection for our candidates and catechumens to the larger church.

Sponsors are active, practicing Catholic adults who are prayerful people who participate in the sacraments and in the liturgical life of the parish. Sponsors are listeners and mentors. Sponsors are not teachers or catechists and there is no requirement to "know the answers." The most important role of sponsors is to be there - to attend RCIA sessions with the candidates and to participate in the Rites with them. Often, sponsors are learning right along with the candidates. Great sponsors are aware of their own needs for faith growth and development.

If you would be interested in learning more about being a sponsor to one of our catechumens or candidates please contact **Deacon Hector Raymond at 833-0482 x243**

## Perpetual Adoration

Since Perpetual Adoration started at Seton, the Knights of Council 11187 have been responsible for the Monday 5-6 am. hour and have filled it very capably with the help of about twenty-five or thirty of the same Knights.

We want to extend this opportunity to the entire Council and not just the same few men. We have over 270 Knights registered and if each Knight would take just one hour one week of the year, he would not be called on for about five years. How simple that would be?

I will start contacting individual Knights to set up dates. Please be receptive to this plan and spend one hour of the year with the Blessed Sacrament in Adoration.

If you would like a particular date in 2006, please feel free to volunteer by calling me at 863-6419. Being Knights you obviously know the advantages of spending some time in prayer before the Blessed Sacrament.

Thanks,

*Ray Creamer,*

Church Director

## What is 'Respect Life'?

We have all heard the terms "Respect Life" and "Pro-Life." But what do they really mean?

Because of big media's biased reporting, most people think pro-life means "anti-abortion". And this is not entirely wrong - many pro-life groups focus almost exclusively on abortion issues. When you consider that there are 1.3 million abortions each year in the United States alone (according to Planned Parenthood's Alan Guttmacher Institute), and millions more worldwide, it is no wonder these groups focus on abortion. All other life issues added together account for only a fraction of the deaths that abortion does.

Furthermore, the Catholic Church has been Pro-Life from the very beginning. According to the US Conference of Catholic Bishops (UCCB) Secretariat for Pro-Life Activities:

Since its beginnings, Christianity has maintained a firm and clear teaching on the sacredness of human life. Jesus Christ emphasized this in his teaching and ministry. Abortion was rejected in the earliest known Christian manual of discipline, the Didache.

Early Church fathers likewise condemned abortion as the killing of innocent human life. A third century Father of the Church, Tertullian, called it "accelerated homicide." Early Church councils considered it one of the most serious crimes. Even during periods when Aristotle's theory of "delayed ensoulment" led Church law to assign different penalties to earlier and later abortions, abortion at any stage was still considered a grave evil.

When biologists in the 19th century learned more about the process of conception, the Church altered its legal distinction between early and late abortions out of respect for reason and biology.

Since that time, science has only further confirmed the humanity of the child growing in the womb. Official Church teaching insists, to the present day, that a just society protects life before as well as after birth.

However, the Church goes much further:

The Church's mission to defend human life applies over the entire course of life, from conception to natural death. And so the Catholic Church has been a strong supporter of the civil rights movement and a leader in international relief and development efforts. Catholic hospitals and other health-care facilities form the largest network of private, not-for-profit health care providers in

the United States. Catholic Charities USA - one of a number of Catholic charitable groups - is currently the single largest provider of social services to all Americans, regardless of race, creed or national origin.

The Catholic Church strives to be a prophetic voice, speaking out to protest injustices and indignities against the human person. Catholics will continue in this work, whether our words are popular or unpopular.

In order to emphasize their desire to protect **all** life, many groups - including here at Seton parish - use the term "Respect Life" instead of Pro-Life. In this context, respect life means respecting all life from conception until natural death. Regardless of which term you use, however, the end result should be the same: the promotion of a culture of life and a condemnation of all actions that decrease respect for life. That means while we oppose abortion, we also oppose the death penalty, genocide, euthanasia, "mercy" killing, assisted suicide, terrorism, and all other forms of killing the innocent. We also take action to help the poor, the elderly, disaster victims, pregnant women, and anyone else who might need our help. We oppose pornography because it degrades women, corrupts men, and destroys children. We oppose embryonic stem cell research because it is a form of abortion while we support adult stem cell research to improve lives without destroying a life in the process.

As committed Catholics and Knights of Columbus, it is our obligation to support political candidates who promote a culture of life. In the upcoming election, we have a clear choice between candidates for Governor and US Senator. In each race, one candidate is strongly Pro-Life (in the Respect Life sense) and one candidate is strongly pro-abortion and opposes many, if not all, Respect Life initiatives. Before you vote, carefully review the words and records of the candidates and choose the one who is most supportive of a culture of life.

Finally, take action now! Join with the U.S. Catholic bishops in urging the President and your Senators and Representatives to support Respect Life initiatives. In particular, please let them know you oppose embryonic stem cell research - several bills will likely be debated in this session of Congress.
