LEADERSHIP POSITIONS AVAILABLE

Now available is the opportunity for yourself or someone you nominate to lead and more directly influence the development of Council 11187. If you approve or disapprove in the manor with which we conduct our mission, desire to advance a worthwhile agenda or just believe you can contribute to our leadership: consider becoming a Council Officer.

In addition to officer positions, important opportunities to serve the Council can be had by participating in any of our program areas. If you would like to take an active role in furthering the purposes of our Youth, Family, Church, Membership, Council or Community/Public Relations Programs, take this opportunity to make your interest known.

If you have already verbally nominated someone or expressed your willingness to serve during the 2007-08 year now is the time to officially submit nominations. To submit nominations and find out more about officer duties or Program functions, contact any of the following:

Grand Knight Lloyd Stauffer, Deputy Grand Knight Jesus Garcia, or any of the Council Trustees: Mike Croyle, Neil Ferguson, or Dick Petersen.

See the job description for each position on page 3

CONGRATULATIONS

We would like to congratulate our Council Award winners:

Knight of the Year - Frank Sanderell
 Lady of the Year - Betty Sanderell
 Family of the Year - The Mallot Clan

Thank you for your hard work in the past year, without your dedication, our Council would not shine.

Perpetual Adoration

Since Perpetual Adoration started at Seton, the Knights of Council 11187 have been responsible for the Monday 5-6 am. hour and have filled it very capably with the help of about twenty-five or thirty of the same Knights.

We want to extend this opportunity to the entire Council and not just the same few men. We have over 270 Knights registered and if each Knight would take just one hour one week of the year, he would not be called on for about five years. How simple that would be?

I will start contacting individual Knights to set up dates. Please be receptive to this plan and spend one hour of the year with the Blessed Sacrament in Adoration.

If you would like a particular date in 2006, please feel free to volunteer by calling me at 863-6419. Being Knights you obviously know the advantages of spending some time in prayer before the Blessed Sacrament.

Thanks,

Ray Creamer,
 Church Director

Knights of Columbus Council Officer Duties

Chaplain

The Chaplain is the spiritual advisor of the council. He is expected to make a report at council meetings on religious matters. The Grand Knight appoints a priest in accordance with any rules established by the bishop of the diocese to serve as council chaplain.

Grand Knight

The Grand Knight is responsible for the welfare of the council. He presides over council meetings, acts as an ex-officio member of all committees, appoints a membership and programming director, convenes officers for a monthly meeting, and ensures all necessary reports are submitted to the state and Supreme Council. He should also be aware of the council's financial status and ensure that his signature appears on all checks drawn. The Grand Knight is a member of the Advisory Board with general supervision of the council's Columbian Squire circle.

Deputy Grand Knight

The Deputy Grand Knight is second in command. He assists the Grand Knight with council affairs and fulfills all duties assigned to him by the Grand Knight. Should the Grand Knight be absent from a council meeting, the Deputy Grand Knight will preside. He is chairman of the council's retention committee and also a member of the Advisory Board charged with overseeing the council's sponsored Columbian Squires circle.

Chancellor

The Chancellor has a variety of responsibilities. Primarily, he assists the Grand Knight and the Deputy Grand Knight in the execution of their duties and oversees the council in both their absences. He is charged with strengthening the members' interests in council activities. The Chancellor is chairman of the admission committee and a member of the Columbian Squires circle ceremonial team.

Recorder

The Recorder is similar to a court reporter or a secretary. He is responsible for maintaining a true record of all actions of the council and its correspondence.

Treasurer

The Treasurer is responsible for the safekeeping and maintaining records of all council funds and accounts. He is responsible for depositing money into the council's accounts and provides a certificate of such monies to the Grand Knight. He is also responsible for payment of all expenses.

Financial Secretary

The Financial Secretary is appointed by the Supreme Knight, upon recommendation of the council. His main area of responsibility is maintaining all financial and membership records. He collects and receives all monies from all sources, including annual dues from council members. He also handles supply orders for the council officers and members, filing the Report of Officer, and submitting all membership transactions to the Supreme Council.

Lecturer

The Lecturer is appointed by the Grand Knight to provide both educational and entertaining programs to the council. He is responsible for the 'Good of the Order' portion of council meetings. In order to provide members with informative and educational programs, he must be knowledgeable and aware of all council programming.

Advocate

The Advocate is the legal representative of the council and serves as the council's attorney at trials and investigations of any interest to the council. While he does not need to be a member of the legal profession, he should be familiar with the council by-laws, the Order's Charter, Constitution and Laws, Methods of Conducting a Council Meeting, and Robert's Rules of Order.

Warden

The Warden is the 'watchdog' for council property and degree paraphernalia, except the property of the Financial Secretary, Treasurer and Recorder. He is also responsible for setting up the council chambers for meetings and ceremonial work. During ceremonial exemplifications, he will appoint and supervise guards.

Inside and Outside Guards

The Guards have similar responsibilities, but distinct differences. The outside guard tends to the outer door admitting visitors and members to the inner door. Once at the inner door, the inside guard checks to make sure that their membership cards are current.

Trustees

The Board of Trustees consists of three members elected by the council and the Grand Knight, who serves as chairman of the board. They oversee the work of the Financial Secretary and Treasurer, and with the Deputy Grand Knight serve on the council's retention committee. During council elections, only the Three-Year Trustee is voted on, with the others moving on to become Two-and One-Year Trustees, respectively.

We will need delegates for this convention as the Grand Knight will be on vacation. We are looking for assistance in getting State and Supreme to recognize some of our new members. The Grand Knight inquired if anyone had been contacted by our new agents and found that several people had been. For the slate of officers we need two very important positions - the Deputy Grand Knight and the 1 year Trustee position. Because Brother Neil has been reassigned in his company he will be unable to continue serving as a trustee. This position although traditionally past Grand Knights are not required to be so.

A few weeks ago was the Men's Catholic conference. We ended up with over 50 men from Seton. On April the 29th is the national day of prayer for vocations. We are working on setting up a men's prayer group at Seton. Harry informed everyone he is too involved with the youth in the parish

Steering Committee: The trip to Lima was made. In a nutshell they started out with a small council home in downtown Lima and 428 members. When they decided to expand they went all out. They bought 28 acres, which they then sold at a profit to the Girl Scouts. The Toledo Diocese then offered them 3 acres near a Catholic High school. The complex they built can handle 4 parties simultaneously. It cost 1.2 Million to build. They membership increased to 1200 members and 258 associate members. We are at the baby steps and the decision we need to make is do we or do not

Business Meeting Minutes (Continued on page 5)

we want something like this. A 10 member committee was recommended to be set up if approved. The money a council makes from these facilities is from hall rentals. It was then suggested that a motion be made to start the project. This may be a project that lasts 15 years or more.

Unfinished Business:

The motion was made to pay for an additional \$1,500 to support the fish fry's. This motion was seconded and tabled. The motion was brought back to the floor for discussion. There was no discussion and the motion was passed.

It was questioned if we would be participating in the Chapter Knight and Family Knight of the year event. It was noted that we would.

Council building committee: The Motion to make plans to appoint a 10 member committee relative this council pursuing the establishment of their own council home was brought back to the floor. Mark explained how other Councils were utilizing their halls to create income, such as hall rentals for weddings and other parties. Our main concern tonight is do we want to continue to look into this and can we come up with a plan to come up with the money to support such a project.

It was pointed out that there is a lot of middle ground we are not looking at. Why do we want to move? Do we just want a meeting hall? Do we just want a place to hang our awards? There is a big step between where we are today and going offsite. Unlike some of the areas where they have had success with a council building Pickerington is a large suburb not a rural area.

Many feel that we are no longer able to assist the Parish in the ways would like to. Casino nights are no longer an option. This money used to go to support the Parish. A separate building would allow us to do this legally. We do not want a "bar". It is worthwhile exploring these options but we also must realize this could change the character of our council. Some will get more active others less. At this time we are stagnant and we need a goal to get us focused.

Several agreed an organizational goal is a very good way to bring a group together. It was also noted that having an off site building does not mean you are no longer a part of the parish. It can give you the freedom to provide even greater support.

Brother Eddie Baltz, former Master was asked about the building in Lancaster. And he related how they through a series. He told how they helped support several Churches in the area and worked with the Pastors to maximize effort. The building they built cost 2.5 Million dollars. They were able to buy some property next to the church for a low price.

Questions were brought up about what is holding us from doing what we want to do. It was mentioned that we were being lessened through the Parish. A separate building is being looked at, as a way of raising money and supporting the Parish. There was discussion on who is to decide the direction of the Parish and where we should go.

The motion was called to vote and passed. Mark was appointed to head the committee and will collect additional volunteers for the next couple of months. At that time a new head will be appointed as he assumes a new council position.

Good News and Bad News

It is a pleasure to start this article with some really great news: **last week the Supreme Court of the United States upheld the law banning partial birth abortion!** This law was passed by Congress a couple of years ago and signed into law by President Bush after several previous attempts had been vetoed by President Clinton. The pro-abortion forces in the U.S. immediately attacked the law by filing suit in Federal court and prevented the law from being implemented until it could be brought before the Supreme Court. They attempted to foil the will of the people by getting the courts to override what the majority of the people believe and want - after all, they apparently know better than the rest of us what is good for us. Partial birth abortion is a horrific procedure where a full term baby is completely delivered except for its head, which is then crushed (killing the baby of course) and delivered. The AMA has stated that there is absolutely no valid medical reason to perform a partial birth abortion, yet the pro-abortion forces insist that this so-called "right" must be kept. So it is a great victory for the pro-life movement to get this atrocity outlawed. Be sure and thank your Congressmen for their vote on this issue!

This past Saturday several members of the Seton Respect Life committee went downtown to St. Patrick's church for Mass and a blessing, then we joined a group of people that went to an abortion mill and prayed outside of it for about an hour. The Dominican priest who said the Mass led us in three rosaries to pray for the people in the clinic. The third Saturday of every month this group goes to the innocent sounding Founder's Clinic on E. Broad St.

This was a very moving experience, so I decided to share some of my thoughts with you. My first impression was that this is a dingy, dreary, and unkempt facility. I cannot imagine why anyone would want to go to this place. It is not inviting - there are no signs advertising it or its purpose and it doesn't look especially clean, at least from the outside. My next impression was that it almost looked abandoned - for a long while I thought it must be closed as I saw no one go in and saw no activity inside, though the windows looked to be covered with an opaque material. Then I thought about all of the babies that lost their lives in this very building and was overwhelmed with sadness. It then hit me that even as we were praying outside more babies were being legally murdered inside that despicable facility.

Eventually some people came - three women laughing and talking like they were going shopping or out to lunch. That startled me - I thought even someone getting an abortion would not be happy about it. I figured they would think this was necessary but not desirable. My wife pointed out that the women could be workers in the abortion mill, but it still bothers me - how could anyone participate in something like that and be happy about it? A little while later a very young man and woman came in - he had a big grin on his face like he was really happy to be relieved of this burden, but his girlfriend didn't seem so happy, though they were talking to each other quite easily. After awhile, the young man came out and left without his girlfriend. The priest that was with us talked to the young man about leaving her alone in that place, but he left anyway.

More people came - a mother and her daughter, who didn't look like she wanted to do this at all, a man and a woman - she half hid her face as she went by us. None of these later people were happy or smiling - more like what I expected to see - quickly going past us into the mill. We continued praying, stopping only when someone entered or left the facility so our sidewalk counselor could speak to them without shouting. The sidewalk counselor tried to get them to talk to her by simply holding up a picture of an adorable baby whose mother decided not to go through with her scheduled abortion. Ten years ago she was going into this same facility, stopped to talk to the sidewalk counselor and decided to keep her baby. This day only one man talked to the counselor but didn't change his mind as far as we could tell.

After we finished our rosaries, we broke up and went back to St. Patrick's for coffee and donuts and to share experiences with each other. About thirty people, including about 10 children went to the abortion mill. As I said, this had a profound effect on me and the Seton group and our committee plans on going back again.

I urge all Knights of Columbus to join in the fight against abortion by going to pray at the abortion mill. It starts with 7:00 Mass the third Saturday of every month at St. Patrick's downtown. After Mass the priest blesses those going to the abortion facility. At the mill, we pray but do not speak to the people - only trained sidewalk counselors are permitted to, due to laws that the pro abortion lobby was able to get passed. This is open to anyone and you don't need to call ahead of time. With the weather getting better, this is a perfect time to participate in this important ministry, so let's have a strong showing this month!
