Volume 17  
Issue 12

Dear Brother Knights,

OCTOBER!!!! Is there a more beautiful month on our calendars? Soon we will be privileged to witness the glory of God first hand as He takes his paintbrush to the trees and Fall foliage. It doesn't get much better than this my Brothers, and I hope you are as impressed with the wonder of God as I am.

The month of October is also very important for other reasons. Most importantly it is the month of the Holy Rosary. Such a beautiful way to honor Mary the Mother of God and the Patroness of our Order. I hope that we will be able to take a few minutes once in a while, particularly this month, and thank the Blessed Mother for her many intercessions by praying her Rosary.

October brings changes in Nature as I mentioned above, and as it turns out it will also bring some changes in some activities of our Council.

As you know, it is my goal as your Grand Knight to insure that our Council gives top priority to programs that involve the family and the youth of our Parish. This month we will celebrate our Fall Family Festival. We really need to support this wonderful family event my Brothers. The Program Director, Brother Mike Phillips, and the Program Chairman, Brother Dick Petersen will both be working hard to make this a bigger and better event. Let's do all we can to promote the event and encourage families to participate-starting with us.

October will also bring a change in our regular first Saturday Mass in that it will be the last month that this Mass will occur on Saturday. Beginning in NOVEMBER, we will worship together at the 9:30 Mass on the first Sunday of each month with our families. The Knights will serve as Greeters, Ushers, Lectors, Mass Coordinator, and EMHCs at this Mass. What an excellent opportunity to set good example for all that we are, first and foremost, Catholic Men. Since this first Sunday Mass will also coincide with Hospitality Sunday it will give us an great opportunity to talk to others about the Order, and most importantly, break bread with other families in the parish. Deacon Hector will provide us with a schedule for all ministers. Please plan now to make the first Sunday of each month at 9:30 Mass a priority.

Our regular Council meetings will begin at **7:00 p.m.** starting in NOVEMBER.

This will allow us the time to pray the Rosary before starting our regular business session.

O Mary ! Conceived without sin, pray for us who have recourse to thee!

Vivat Jesus!

## Respect Life: Conceived in Rape

Recently my wife and I attended the Greater Columbus Right to Life "Tailgate for Life" fundraising dinner. Guest speaker Rebecca Kiessling was conceived in rape and almost aborted. She is a Family Law attorney, adoptee, home school adoptive mother of 5 with three biological children and delivers a powerful presentation of her own life story, "Conceived in Rape."

As a family law attorney, Rebecca litigated numerous high-profile (pro bono) cases, fighting for women's rights as well as the rights of unborn children. She has appeared on ABC's Good Morning America and numerous other TV programs and has been featured in several magazines. She is the "poster child" for Feminists for Life's poster "Did I Deserve the Death Penalty?".

Rebecca was adopted nearly at birth and, like many adoptees, struggled with issues of value, identity and purpose. Having been raised Jewish, yet knowing she lacked a "Jewish pedigree", she wanted to find her own roots and discover where she fit into this world and God's plan. With a bi-polar mother and a brother in and out of prison, she figured she must come from something better. However, at age 18, Rebecca was devastated to learn that she instead came from something considerably worse - she was conceived out of brutal rape at knifepoint by a serial rapist. Nevertheless, Rebecca enjoyed a tearful reunion with her birth mother. A month later, Rebecca faced another emotional setback when told that had abortions been legal in Michigan at the time when she was in her mother's womb, her birth mother would have aborted her. In fact, Rebecca was twice nearly aborted at the hands of back-alley abortionists. She is thankful to pro-life advocates who, without even knowing of her existence,

recognized that hers was a life worth saving, and made sure abortion was illegal in Michigan at the time.

She described how she felt dirty, unwanted, and unlovable - after all, who could love anyone conceived in rape? Consequently, she plunged into a series of abusive relationships while striving for material success. It finally culminated when her boyfriend broke her jaw and knocked out a front tooth.

While Rebecca candidly shared her struggles in resulting blows to her self-esteem and abusive relationships, her story concludes with a strong message of hope since she now understands that her value and identity are not established as a "product of rape" but a child of God, and that the rapist is not her creator (as some would have her believe).

Overcoming the pain of knowing that she was born as a result of a brutal rape, that she was once unwanted by her birth mother, and that our nation is filled with people who believe that she was disposable, Rebecca Kiessling has devoted herself to fighting for the rights of the innocent unborn and to raising her 5 children (two adopted boys and three biological daughters) to know their own value, identity and purpose in Christ.

Finally, she shared some of her experiences with people who want abortion allowed in cases of incest or rape. When she confronts them with statements like "so you think I should be dead" they try to justify their pro-abort stance without actually saying that Rebecca should not have been allowed to live. As Rebecca says, a little logic quickly demolishes those arguments.

Rape, incest and medical reasons account for less than 3% of all abortions, but Rebecca's story shows how wrong even that small number are.

## Insurance Corner

The laws and rules of our Order, as well as state (provincial) laws, specify that the Knights of Columbus may accept insurance applications from members only. As a member, you may apply for insurance on yourself, your wife and your minor children.

The Order's Board of Directors has taken action, though, to assure that a Knight's widow maintains the right to purchase additional insurance for a limited time. This can be of great benefit and comfort to those we leave behind.

This "right to apply" is available only to the widows of insured members. If a member has not availed himself of our highly rated life insurance program, or purchased an annuity or long-term care policy, this benefit is not available to his widow.

But if the member was an insured member, his widow has the right to apply for additional insurance on her life and on the life of the member's minor children. This right must be exercised within one year following the Order's receipt of proof of the insured's death.

Know two things. First, I'll assist your widow and children in any way possible if you should die, both with your Knights of Columbus insurance and any other life insurance you may have. Second, I'll provide them my best professional advice and service, to assure that they have adequate insurance protection.

I have no greater responsibility.

October, 2010

From the `Days of Devotion by Pope John XXIII'

As the United States is becoming less active in its space program I would like to let you know that early in the program Pope John XXIII was well aware of the tremendous achievement that man had engineered. This is his writing on the subject.

### "The Angelus for the Astronaut"

The *Angelus* concentrates for all time the union of heaven and earth, the divine with the human. In this hour today we wish to associate with intentions of our prayer the young pilot in space.

Beloved children belonging to all races, you have come together like good brothers, while the pilot is proving, in most scientific manner, the intellectual, moral and physical powers of men, and continuing that exploration of the creative world which we encouraged to make in the first pages of Sacred Scripture, when the Lord told man he was to multiply and fill the earth.

The nations, and especially young generations, follow with enthusiasm the developments of the wonderful flights and navigations in space. Oh. How ardently we wish these enterprises could assume the significance of homage to God, the Creator and supreme "Lawgiver"

May these historical events which will be recorded in annals of the scientific exploration of the world become expressions of true and peaceful progress, the firm foundation of true and peaceful progress.
