1 August 2017
Volume 24, Issue 10

Dear Brother Knights,

If you have been into the stores lately it is becoming evident that summer is winding down and the younglings will be heading back to school in a few short weeks. Brothers for us it signals that the new year is in motion and our summer lull is coming to an end. There will be many events to embark on. Quickly approaching activities such as the Labor Day Parade, Car Show, and the Seton Parish Festival will soon be upon us. I am asking that if any of my fellow Brothers are able to commit some time and their abilities to help - please come forth. No offer refused! The hands of many ease the burden of a few.

On August 12, 1852 our founder was born, Father Michael J. McGivney. Please take a moment to reflect and pray upon his intentions and our mission as Catholic Gentlemen of the Knights of Columbus. Although Father McGivney's physical life was short by today's standard his ambitions, foresight and direction remain strong today - especially in our Council! May GOD provide us the wisdom, strength, and ambition to continue on the path Father McGivney started.

Football Frenzy tickets have arrived! Each Council member will have an opportunity to participate. This is a great win-win for you and our Council. Each ticket purchased gives you multiple chances to win a cash prize and if we sell enough our Council can win by saving money on our per capita expense. More info with details coming out very soon!

As always if you have any suggestions, comments or complaints please contact me, I want to hear them. Enjoy the final stretch of summer and I look forward to seeing you at an event!

Fraternally Yours in Christ,

Michael Kohar,

Grand Knight

"The Prayer Process"

1 Gratitude Begin by thanking God in a personal dialogue for what ever you are most grateful for today.

2 Awareness Revisit the times in the past twenty four hours you were and were- not -the-best-version of yourself. Talk to God about these things and what you learned from them.

3 Significant Moments Identify something you experienced today and explore What God might be trying to say to you through that event (or person).

Respectfully submitted:

Supporting Life From Conception Until Natural Death

Ohio is again leading the way in the fight against abortion on demand. A few days ago Ohio Right to Life's Dismemberment Abortion Ban (S.B. 145) was overwhelmingly approved by the Ohio Senate, 24-9. The legislation is being heralded by Ohio Right to Life as the next step in the national strategy to end abortion. The passage of the bill coincides with the 50th anniversary of Ohio Right to Life's founding.

"With as much as we've accomplished in the last six years, our dismemberment ban is arguably the most significant and groundbreaking legislation to date," said Mike Gonidakis, president of Ohio Right to Life. "For the first time since the Partial-Birth Abortion Ban, we're advancing legislation that addresses the brute force of abortion head-on. Every year in Ohio, thousands of babies are brutally dismembered by the abortion industry, ripped limb from limb and extracted piece by piece. Ohio Right to Life applauds the Ohio Senate for taking us one giant step closer to adding this game-changing pro-life law to the record."

Dismemberment abortion, otherwise known as dilation and evacuation (D&E), is a procedure in which the abortionist first dilates the woman's cervix and then uses steel instruments to dismember and extract the baby from the uterus. The D&E abortion procedure is usually performed between thirteen and twenty-four weeks LMP, when the baby is somewhere between the size of a lemon and a cantaloupe. In 2015, the Ohio Department of Health reported nearly 3,000 D&E abortions in the state of Ohio.

The Ohio House is expected to take up the Dismemberment Abortion Ban in the fall when the legislature returns from summer recess.

(Above information from Ohio Right to Life press release dated June 28, 2017.)

Earlier in June, we attended the Greater Columbus Right to Life fundraising dinner where the keynote speaker was Lila Rose, founder and president of Live Action.

Ten years ago, at age 15, this amazing young woman exposed Planned Parenthood's violation of the law. With no help from other organization or legal experts, she hid a video camera in her purse and wore a hidden microphone while she went to several Planned Parenthood abortion clinics pretending to be pregnant and wanting an abortion. She told them her age and said her boyfriend was 20, which in every state should trigger an immediate call to the police for statutory rape. Not one single PP clinic even batted an eye at this revelation - instead, anxious to sell another abortion, they told her how

to cover up this crime. When Lila put the videos on the internet Planned Parenthood threatened to sue her if she didn't immediately retract them. As a 15 year old with no legal recourse she didn't know what to do, but pro-Life legal groups came to her rescue and forced PP to back off.

Now a beautiful 25 year old, Lila is still leading the pro-Life charge. She and the organization she founded, Live Action, are responsible for the videos released a few months ago showing Planned Parenthood's lies about the services they provide. They called 100 PP facilities in every state to ask about pre-natal care, which PP says they provide and need government funding to continue to provide. 97 of the facilities flatly denied providing pre-natal care. Two of the remaining three offered to refer the caller to someone who does provide pre-natal care and the remaining PP clinic said they offer very limited pre-natal care.

The release of these videos, along with the videos showing Planned Parenthood representatives negotiating the sale of aborted baby parts, have provided the impetus for defunding Planned Parenthood at the federal level as well as in many states. This amazing young woman is someone we should all be proud of and try to emulate.
