Volume 29, Issue 10

Dear Bothers of Council 11187,

I hope this newsletter finds you well during the dog days of summer. Woof Woof. I would like to personally thank all those who walked in the July Fourth Parade. We had 21 (+one) people of which 11 were Knights. We passed out over 2500 small 4x6 flags along the parade route but ran out in the last 1/4 mile. They were very popular with the little kids. We also passed out the traditional mini tootsie rolls-same result none left by the end of the route. Brother Jason Heitmeyer drove the truck pulling the trailer that was carrying our Vintage yellow signboard advertising the Summer Festival. It was a patriotic day with all the red, white, and blue just about everywhere if you did not get a chance to see it. Jason's daughter Brie was in front of the truck driving a shiny blue corvette that turned heads every time she revved the engine. We also passed out almost 2000 festival flyers and car show information. Most of the entire parade route was packed with our community thoroughly enjoying this wonderful day. In case you are wondering what the (+one) means, here is why I put it that way. We had a family walk and the mother was 7 months pregnant. She said she had a blast.

Thanks to Werner, Wayne, and Mark for their valuable Float decorating skills down at Pick Central. And a special thanks to the little candy throwers who were the pride of the float.

Please consider serving in one of the multitudes of ways next week during the Festival. Sign-up sheets are in Herman Hall. The success will depend on what we all contribute. Many have already put in hours, if not weeks, in planning and preparation.

Remember, where there is a need-there is a Knight!

Sincerely,

Francis Wilamosky,

Grand Knight

Chancellor's Corner

Loving Unlovable People

In Matthew 5:43-48, Jesus talks about loving your enemies, and praying for those that persecute you. While many of us probably haven't been persecuted for our religious beliefs, we have confronted the difficulty of loving, or, working with people that we don't care for and don't identify with. We may even conjure up some level of hate, even despising them. And it doesn't have to be someone outside your family.

We can easily love loveable people like your grandmother, or a small child that is cute. That takes no real effort at all on our part. It's easy, and comfortable.

But as the bible verse states, the sun rises on all people, and it rains on all people, no matter if they are good or bad, loveable or not. Our challenge is to recognize that Jesus loves us all, and that we should love each other as we love ourselves.

Raymond Ganem

The time requested for volunteers is 8am-5pm but volunteers can come and go in much shorter shifts that fit their timeline. They need 5-10 volunteers.

Financial Procedures

From time to time we need a refresher on Council procedures, so we set the “wayback” machine to a past article.

This article will attempt to clarify the financial procedures that have caused some past confusion and to explain some changes that will enable the Council to fully comply with directives from other authorities and to improve the Council’s financial accountabilities.

Budgets versus Authority to Spend

These items are separate processes. One has NO impact on the other. Budgets are used to guide the Council’s financial operations during the current year, while “authority to spend” is an approval process whether an item is included or not included in the budget. Including an item in the budget is NOT approval to spend unless it has been presented to the membership.

If you are one who routinely spends money on a particular item or event, i.e., chairperson, you may be asked to provide input into the planning for the budget; nevertheless, you must request membership approval to actually spend the money.

There are limited exceptions to this requirement. Our administrative cost are not voted on, this includes payments to Supreme and State Chapters for “per capita” and related membership expenses, etc.

All other expenditures will require membership approval before encumbering the funds. If it is a recurring expenditure, e.g., first Saturday, postage, meeting refreshments these expenses should be approved on an annual basis and presented to the membership before hand. The budget process provides an excellent vehicle to track expenditures against the approved amount and will quickly hi-lite when an approved amount is exceeded and additional approval is required.

Non-anticipated expenses must be approved as the need arises.

No expenditures will be reimbursed without membership approval.

It is worth noting that exact amounts are not necessary for approval. A “not to exceed” amount is acceptable.

All requests for reimbursement of previously approved expenditures must be presented with a “Request for Reimbursement” form, which can be found on the web page, along with appropriate receipts. The form must be signed by the Knight making the expenditure and, for those events having multiple chairpersons; the form must be signed by all chairpersons. Requests should be presented in a timely manner and not left to accumulate. We will do our best to make reimbursement within 2 weeks of receiving the request.

Receipts and Deposits

All receipts and deposits must be processed through the Financial Secretary. No exceptions! The Financial Secretary will take possession of all receipts and deposits and will make himself available accordingly or will provide prior delegation. In the event that prior arrangements can not be made with the Financial Secretary to take possession, minimally, the Financial Secretary will be notified that a deposit has been made and the deposit receipt will be delivered to him. If the deposit is a night drop, a copy of the deposit form and a breakdown of the deposit by denomination will be presented to the Secretary prior to his contacting the bank. Night deposit bags and deposit forms are available from the Financial Secretary.

Steps for Council Approval of Expenditures

We try to keep things simple and workable for everyone, so we came up with this process. Following this will allow things to move in a forward manner.

1. Identify which Council Program your expense is related to.

Note: This newsletter contains the directors/chairman associated with each area

2. Discuss your expenditure with that Program Director.
3. The Program Director decides if they want to spend their budgeted funds. If not, and they feel it is worthwhile, they can discuss with another Director about partnering.
4. The expenditure is then presented at the officer's planning meeting by the Director. If the Director cannot attend, an email or phone discussion must occur with the GK. GK can then present.
5. Proper RFR and motion procedures must be followed.
6. The expenditure is then presented at the Membership meeting and voted on.

NOTE: Any expenditure brought up at the membership meeting will be tabled until presented at the Officer's Planning meeting
